

Technical Data

Hot Rolled Products (Coils and Sheets)

Alloys:	EN AW 1050A EN AW 5042 EN AW 5049 EN AW 5154A EN AW 5454 EN AW 5754 EN AW 5086 EN AW 5083 EN AW 5182
Chemical composition:	acc. EN 573 – 3
Mechanical properties:	acc. EN 485 – 2
Thickness range:	3.0 – 10.0 mm
Thickness tolerance:	½ EN 485 – 3 smaller tolerances upon request
Width range:	1,000 – 2,600 mm smaller widths upon request
Width tolerance:	EN 485 – 3 for coils ½ EN 485 – 3 for sheets with sheared edges -0 / +2 mm for sheets with sawed edges
Inner diameter coils:	600 mm
Outer diameter coils:	1,250 mm 1,800 mm
Sheet length range:	1,000 – 12,000 mm
Length tolerance:	½ EN 485 – 3 for sheared edges -0 / +2 mm for sawed edges

- Smaller tolerances upon request

Due to technical reasons not every thickness/width combination available
